THE NEW COLOR SENSATION FOR SOUTHERN GARDENS!

FASHION won the highest score ever awarded a Floribunda in the 1950 All-America Rose Trials. Judged for superiority of form, color, fragrance, disease resistance and all other important qualities . . . In England, Fashion was awarded the gold medal for the best new variety shown. The *London Evening Standard* said it was "the sensation of the Show." Rose experts from coast to coast say this gorgeous new Rose will be the sensation of next year's Rose gardens!

No Other Rose of This Color

Throughout the whole season, Fashion produces great clusters of warm Oriental red buds that become luminous coral-pink overlaid with gold as the flowers develop. This deepens to reddish tones at the finishing stage. Each bud opens slowly into a graceful, wide flower with wavy petals. The full bloom is 3½ inches or more across. Excellent for cutting in bud form.

Flower Clusters in Bloom Continuously

Frequent bottom breaks give the plant such vigorous growth that full clusters of buds constantly show. Throughout the whole growing season, you'll have blooms of this new warm coral-pink overlaid with gold day after day. As fast as one bloom is finished, another quickly takes its place. And the plants themselves are as superior as the flowers. Vigorous, hardy, disease resistant . . . Fashion is the ideal Rose for all Southern gardens!

\$2.00 each; 3 for \$5.00; 6 for \$10.00

This is an example of the kind of display Fashion will make in YOUR GARDEN. Each cluster of buds is every bit as full and warm as this illustration.

DIAMOND JUBILEE

Pat. No. 824

All-America Rose Selection

A warm, glowing buff-orange Hybrid Tea that has heavy-textured petals. Will not burn or fade from its lovely color even in extreme hot weather. The beautifully formed, 5 to 6-inch blooms are borne on heavy stems, held erect well above the rich green foliage of the rugged plant. These huge blooms are a thrilling sight in the garden, where their warm glowing color has a radiant sparkle . . . and are equally thrilling as a cut flower for the house. Buds unfold slowly and the firm, high-centered blooms take a long while to develop fully. Rich dark green foliage.

The *Best* Red Rose of
All Time!

A truly red, red Rose that always stays red until the petals wither and fall off. The dark color is clear and sparkling, and the flowers are tremendous . . . often measuring 6½ inches across. Delightful raspberry fragrance. Agreed by many to be the BEST of all red Roses. Not only is the color long lasting and sun resistant, but the bushes are also upright and vigorous. The young shoots and new growth are bright red, adding to its beauty and interest.

Pat. No. 591

Unquestionably the Most Magnificent Hybrid Tea Rose in the World!

Almost unbelievable in its beauty, size and lasting qualities. Winner of more important honors than any other Rose in history . . . including the highest score ever awarded by the All-America Selections Committee on New Roses. PLUS the *only* National Gold Medal ever awarded by the American Rose Society. Golden yellow buds enlivened by a vivid pink at the edges of each petal. As the buds open to perfectly formed blooms of enormous size, the color becomes soft yellow, pale gold and then a creamy ivory. Most gorgeous color combination of any flower, in a bloom of perfect size and form. Plant equally superior to other Roses in vigor, sturdiness and amazingly long period of bloom.

BETTER TIMES

Pat. No. 23

Featured by Florists All Over America

Winner of Gold Medals at New York, St. Louis, Phila.

A glorious, widely known red, especially prized for its long stems, rich color, pointed buds and general usefulness as a gorgeous cut flower. Better Times has been the favorite red Rose with florists for many years. Pronounced, enchanting fragrance. Does remarkably well even in extremely warm climates where the velvety blooms withstand sun and heat without fading. This widely known Rose has brought happiness to millions as a cut flower and also for Rose-garden planting. Winner of Gold Medals at New York, Philadelphia, and St. Louis, a favorite of members of the American Rose Society.

Introduced during the depression of the '30's, Better Times was prophetically named, for it did indeed signal better times, especially for florists. For them it has become the perfect successor to the American Beauty Rose . . . more prolific, more dependable. And the wonderful part of it is that this Rose is every bit as good in your garden.

Brilliant Colors in Enormous Clusters

The Floribunda class of Roses is extra free-blooming, extra bushy in growth, extra dependable all season long. They require very little pruning or spraying, and their huge bouquets of bloom will be a garden attraction for many weeks. Try a hedge or border of Floribundas.

◀ PINOCCHIO Pat. No. 484

Blooms so freely that the word "everblooming" seems inadequate . . . as the last flowers finish in one cluster, new buds are opening on other shoots. This continuous bloom goes on and on without interruption during the entire season. The delightful dainty buds are a rich salmon flushed with gold at the base, gradually changing to soft clear pink as the sweet-heart flowers open and acquire deeper pink edges. Delightful fruity fragrance. Lasts an unusually long time as a cut flower indoors. Extremely hardy, easy to grow, always in bloom, with hundreds of flowers on every bush setting the entire plant aglow. One of the finest Roses for mass planting or hedges, in any location where continuous color is needed.

Everblooming GOLDILOCKS FIRST

True Yellow Floribunda

Pat. No. 672

Here is the first true golden yellow Floribunda . . . important because it fills a critical need for a free-blooming yellow Rose of the Floribunda type. Has perfect Hybrid Tea form but the blooms are produced in very generous clusters all through the season. The lovely golden yellow buds open to 3½-inch double flowers of clear uniform color plus excellent texture and durability. The vigorous, branching plants reach a height of 2½ feet and are very generous with their blooms. Rich, lustrous green foliage sets off the showy display of flowers. Every Rose garden should have several plants of Goldilocks, for it gives you a mass of golden yellow unequaled by any other Rose of this type.

SMILES

Pat. No. 331

Exquisite coral-pink buds opening to dainty, semi-double flowers in gorgeous clusters. Individual blooms are beautifully formed, and the fresh clear color blends well with other Roses. Flowers are long lasting and lightly scented. A spreading plant of medium height with shiny dark green foliage. Blooms all season, from early spring to late frost. Excellent for mass plantings or as a border for driveways and paths.

\$1.25 each; 3 for \$3.15; 6 for \$6.30

Everblooming FLORIBUNDAS

THE WORLD'S BEST ROSES
FOR MASSES OF COLOR
IN ALL SOUTHERN GARDENS

Everblooming DONALD PRIOR Pat. No. 377

A sparkling red like rare wine. Produces unbelievable quantities of very large, graceful, semi-double blooms. Most remarkable of all . . . the plant is never without flower throughout the entire season. Generous clusters of these sparkling red blooms are accented by many individual flowers all over the bush. Petals are large and wavy, and the flowers in a cluster often vary somewhat in color. Does not burn even in the hottest sun. Needs no special attention to produce remarkably generous displays. Glossy, disease-resisting foliage on a 3½-foot plant. Very hardy.

\$1.25 each; 3 for \$3.15; 6 for \$6.25

◀ PINK BOUNTIFUL

Pat. No. 601

This lusty Floribunda has soft pink flowers with a dawn-like glow . . . a prize for your garden. Large, delicate, long-lasting bloom clusters give a fresh, profuse mass of color all during the season. The open flower measures up to 3½ inches across, but with perfect Hybrid Tea form. Pink Bountiful is equally at home and equally beautiful either in formal Rose gardens or in mass plantings with other Floribundas. The ovoid buds are tinted deep reddish pink and unfold into lovely blooms with a buff-salmon-pink heart, flushing into deeper pink at the outer petals. Excellent as a cut flower and has a nutty fragrance.

Pat. No. 704

EVERBLOOMING CLIMBER for the SOUTH

Only a year old, but already the most talked-about Rose for mild climates! Buds are an intense shade of clear, shining yellow like the brilliance of the noonday sun. Makes a perfect 8 to 10-foot pillar against a wall or trellis where its all-season bloom and glossy, disease-resistant foliage shows off to best advantage. From early spring until late fall you can cut beautiful, long-stemmed Roses for your home. First of its class ever to win the coveted All-America Award. Will not go through the winter in northern climates, but has caused a real sensation since its introduction for Southern gardens. \$2.00 each; 3 for \$5.00; 6 for \$10.00

Everblooming CLIMBERS

FOR TRELLISES, PILLARS, AND FENCES

These standard Roses in climber form will bloom freely in Southern gardens, producing magnificent long-stemmed Roses on vigorous climbing plants. Ideal for dramatic color display in any garden where you want a breath-taking show all season.

Cl. Caledonia. A favorite white Climber with many experts. Huge, well-formed blooms on long stems. Excellent for cutting.

Cl. Columbia. An old-timer, but such a clear, excellent pink that it continues to be in great demand.

Cl. Etoile de Hollande. One of the finest of all red Roses in existence. Climber grows vigorously. Long stems.

Cl. Mrs. P. S. du Pont. Rich golden yellow, semi-double Rose of glorious form. Blooms held erect from the plant.

Cl. Pink Radiance. The well-known standard pink of renowned beauty on a vigorous, easy-to-grow Climber.

Cl. Red Radiance. Enormous, rich red flowers on a Climber of unbelievable beauty.

Cl. Red Talisman. The beautifully formed Talisman in a striking red form. This Climber is positively brilliant.

Cl. Silver Moon. Huge, semi-double, cupped flowers of silvery white with yellow center. Clusters on long stems.

Cl. Talisman. The popular two-tone Talisman Rose in a lovely Climber that ranges from scarlet to yellow.

Cl. White American Beauty. The favorite American Beauty in white with delicate pink buds. Another striking Climber.

Paul's Scarlet Climber. Brilliant red with clusters of sparkling blooms 2 inches across. Bears heavily.

MARECHAL NIEL, Noisette Rose

This is a famous old climbing Rose sent out from France about 85 years ago. The large, double, golden yellow flowers are very fragrant, and the long-pointed buds are particularly lovely. Vigorous and profuse in bloom. It is not hardy in the North, but is a long-time favorite here in the South and on the Pacific Coast. One of the best of all Climbers for this locality. The very fact that it has remained popular over such a long span of years is high recommendation.

Pat. No. 457

One of the Loveliest Climbing Roses Ever Introduced

Enormous, perfectly formed flowers of a rich, deep, warm rose-pink color, shaped like Hybrid Teas. Repeated blooms all during the season and remarkably luxuriant growth under any conditions. All of these outstanding qualities combined in this one everblooming climber make it a leader with experienced Rose growers who want only the best! You'll be amazed at the wealth of richly fragrant, double, rose-pink blooms 6 inches and more across, produced freely in your garden throughout the entire season. The plant grows 8 to 10 feet tall and is excellent when trained as a pillar. Extremely hardy and vigorous.

NEW DAWN

A delicate apple-blossom-pink color and very appealing Old Rose fragrance. The warm play of pink tints makes New Dawn a favorite with everyone who sees it. Very strong, free grower and one that reblooms constantly all season long. Flourishes in almost any good soil where it sends out deep glossy foliage and long, graceful new canes on which to display the perfectly formed, soft pink blooms. Perhaps best known by experts as the "Everblooming Dr. Van Fleet."

Climbing SUMMER SNOW

Pat. No. 400

Most persistent-blooming and purest white of all climbers! Huge clusters of buds become masses of spotless, glacier-white, double blooms, 2 inches and more across. Frequently the plant is literally buried in clean, crisp mounds of bloom. Every cluster contains 20 or more buds, each developing into loosely double blooms of clean white. A fully developed cluster is a bouquet by itself. Imagine the thrill of a whole plant covered from top to bottom with such splendor! Climbing Summer Snow should be used whenever possible in combination with other climbers of strong colors to provide striking, rich contrast.

\$1.50 each; 3 for \$3.75; 6 for \$7.50
